

List of Tables

<i>Table No.</i>		<i>Page No.</i>
3.1	Impact on cropping pattern	6
3.2	Impact of ARIASP on crop rotation	6
3.3	Impact of ARIASP on crop productivity	7
3.4	Farmer category wise impact of STW on crop productivity	7
3.5	Impact of ARIASP on cropping intensity	8
3.6	Impact on cropping intensity (on the basis of farmers category)	8
3.7	Impact of ARIASP on farming system	9
3.8	Farmer category wise impact of STW on Agricultural income	9
3.9	Composition of members of community tank	11
3.10	Impact on Fish productivity	11
3.11	Category wise profile of AI beneficiaries	15
3.12	Milk production and milk productivity before and after ARIAS Project	15
3.13	Beneficiary category wise impact on milk productivity	15
3.14	Income level from livestock activities before and after ARIASP	16
3.15	Composition of animal herd at family level	17
3.16	Availability of sapling before and after ARIAS Project	19
3.17	Before and after crop productivity of vegetable and horticultural crops	19
3.18	Before and after composition of horticultural income	20
4.1	Impact of DTW & RPS scheme on various categories of farmer	22
4.2	Travel and transportation cost effectiveness	25
4.3	Impact on political communication	25
4.4	Impact on frequency of town trips	26
4.5	Probability of availing health services	28
4.6	Impact on political communication	28
5.1	Progress and impact of civil work undertaken under institutional development	32
5.2	Category wise profile analysis of Beneficiaries	37
5.3	Impact on cropping Intensity	38
5.4	Impact on cropping pattern	38
5.5	Impact on timeliness in agricultural operations	39
5.6	Impact on crop productivity	39
5.7	Tractor hiring pattern	40
5.8	Operation wise tractor utilization pattern	40
5.9	Category wise profile analysis of Beneficiaries of tractors distributed in second phase	43
